To Whom It May Concern:,

I was fortunate enough to have Dr. Robert Wuagneux as my professor when I completed a Graduate Certificate in Teaching and Learning at Norwich University.

Throughout the program, Dr. Wuagneux helped me to think outside the box and see where I could improve what I was already doing. He always expected the best out of us and pushed us to raise the level of our work, but also helped us to see how we could improve.

He also seems to have mastered the art of knowing what to say and when to say it and never saying too much, even when asked to elaborate. The more you work with him, the more you realize this. He has the ability to bring out the best in his students.

Robert Wuagneux is a highly skilled, extremely experienced educator who would be a great asset to any institution in any educational setting.

Sincerely,

Stephen W. Price
